

## **Shoulders of Giants**

Words and Music by Benjamin Johnson ©2010

### *Verse 1*

A thousand miles away  
My grandma kneels to pray  
Before the sun starts breaking through the night  
She prays God's hand will be upon her family  
And that each day they'll grow to be like Christ

### *Prechorus*

And as I look back on what God has done for me  
I realize just what I owe to my history

### *Chorus*

If I can see farther than any man  
Has ever seen before  
It's because I'm standing on the shoulders of giants  
Heroes of the faith, trophies of His grace  
A firm foundation, I will not deny it  
I'm standing on the shoulders of giants.

### *Verse 2*

Back in my mom's home state  
Grandpa can hardly wait  
To see grandma and the face of God  
His heart is for the lost He would pay any cost  
To see a man or woman turn to God

### *Bridge*

Though I know I'll never repay  
All that's been done for me  
Lord I want to be sold out to you  
So my children will stand up and sing
